Suggestions for watching the Mass, Live on Sunday mornings

The Mass is scheduled to begin at 9:30 am. We strive to start the live stream at 9:25 am, and ask a musician to play a 5-minute prelude. This helps viewers to know the broadcast has begun.

You do not have to be a Facebook user to watch the Mass live or later. There are several different ways to get to the live stream of the Mass on Sundays. The suggestion below will work on all platforms (PC, tablet, smartphone).

Step 1: Start with the Church website. Open a web browser on your device, and type in the web address (URL): marymagdalen.org and tap the Enter key (on a physical keyboard, Go, or > on a digital keyboard).

If this worked you should see the main page of the website

The banner and articles change from time to time, but it will have the brand, the name and address, banners, and articles.

Step 2: Go to the First Article:

Gospel readings and Mass with Fr. Nick

Please watch Fr. Nick’s Gospel reading on our Facebook page.

SUNDAY MASS @ 9:30 am celebrated by Fr. Nick. CLICK HERE to watch. The Church will be closed during filming.

To see older videos please visit the Video Library on our Facebook page.

You do not need to create a Facebook account to view the videos or live stream.

If you missed the Mary Magdalen Festival, or would like to revisit some of the events, click here.

⇒ Move your mouse pointer, to the works “CLICK HERE” in the second paragraph and click your left mouse button. If your device is “touch screen”, tap the same words.

Your browser will take you to the church’s Facebook page.

Step 3. Facebook.

If you do not have, or are not logged into a Facebook account, you will see the following screen. Note the parish Brand, name and image. Also notice the Blue Log in and Green Create an Account buttons on the banner at the bottom of the screen. You can ignore them!

To watch the Mass, either live or later, simply click on the image of the video behind the log in/create banner. The video will open in your browser. Facebook, might prompt you again to log in or create an account, but simply click somewhere on the video, or Facebook page (not their banner) and you will be taken back to the video.

Notes:

We broadcast the mass over a high speed WiFi network available to us in the church. When this is not available we switch to a slower DSL connection via Ethernet.

The broadcast of the Mass is watched by a member of the live stream team for performance issues. We use a very slow speed DSL service, and a tablet to watch. If we experience a broadcast issue we address it, be it a minor tweak of sound, or a pause of Mass to address a larger issue.

If you have trouble viewing it could be your internet connection, or a device issue. Try restarting your browser. Try powering your device off and on again.
